## RULES FOR USING THE CERTIFICATE:

Compliance with the essential requirements laid down by Government Regulation 163/2002 Coll., as amended, has been derived from the compliance with the requirements specified in the Technical Construction Certificate. Amendment or issuance of new harmonized or determined standards relating to the certified products or expiry of the validity period of the Technical Construction Certificate may alter the facts under which the present Certificate has been issued. In that case, the present Certificate usability for purposes of issuing the declaration of conformity of the products being placed on the market will have to be reviewed.

The Certificate may only be used as a certificate for the products specified on Page 1 hereof. This also applies to its use in advertising, promotional and commercial materials. Unauthorised or deceitful use of the Certificate may be sanctioned (Section 19 of Act 22/1997 Coll. on technical requirements for products and on amendments to some Acts, as amended).

It is prohibited to change, amend or overwrite the data contained in the Certificate.

The Certificate may not be used for the products changed without consent of the Engineering Test Institute, Public Enterprise, in such a way that conformity with the technical requirements specified on Page 1 has been affected.
